Re: South Carolina Electric & Gas Company Request Relocate/Replacement of Portion of Wateree-Pineland 230 KV Transmission Line at Richland County Landfill
Docket No. 2008-125-E

Dear Mr. Terreni,

The purpose of this letter is to inform the Public Service Commission that the Office of Regulatory Staff has reviewed the above referenced filing and has no objection to South Carolina Electric & Gas Company's Request. The filing indicates that this is a straightforward matter of the Company relocating a power line on a customer's property from one location to another at the customer's request and at the customer's sole expense including necessary right of way. The relocated line portion will not result in any significant increase in environmental impact nor does it result in a substantial change to the location of the entire line.

Thank you for the opportunity to provide our comments in this matter.

Sincerely,

John W. Flitter

JWF/swh
